Ramsey 1940s Weekend 2026

Saturday 15th & Sunday 16th August 2025

The Camp, Wood Lane, Ramsey, Huntingdon, Cambs. PE26 2XB

Tell us what you wish to book.

Please see the HELP section (page 4) before completing this section. This will ensure your space will meet your needs.

TRADERS only to complete this section

Number of unit spaces required		Up to 6m wide (only 1 unit per space)	£125	£
Number of unit spaces required		Up to 8m wide (only 1 unit per space)	£150	£
Number of unit spaces required		Up to 10m wide (only 1 unit per space)	£180	£
TOTAL STALL FEE				£
Most Traders will be sited in the main area. This area provides ample space for caravans/tents and support vehicles to the rear of the stalls. We enforce a strict policy of no vehicle movements between 0930hrs and 1700hrs each show day. An electrical supply may be available subject to load limitations and safety. Requests for electricity will be considered on an individual basis. You should however provide an alternative supply should our system fail. The organisers will not accept responsibility for loss caused by a failure of the provided power supply.				

CHARITIES only to complete this section

2. Strictly no vehicle movements between 0945 and 1700 hrs each show day.

Ramsey 1940s Weekend 2026

Saturday 15th & Sunday 16th August 2025

The Camp, Wood Lane, Ramsey, Huntingdon, Cambs. PE26 2XB

CHARITY

1. Your pitch includes room for your stall.
2. All guy lines, weights and goods must be contained within your pitch area – our safety/security staff will not permit you to extend beyond it. This is necessary to maintain public safety.
3. You will have vehicular access to your stall up to 9:30am and after 5pm on show days. Between these times your vehicle must be placed in the public car park.
4. Before you trade you must provide proof of public liability insurance with a minimum value of £5million.
5. All gas installations/apparatus must be in good order and fit for use. We reserve the right to prohibit the use of installations apparatus we do not deem safe. This may prevent you from trading.
6. Risk assessments must be completed before you're permitted to trade.
7. Camping space is not provided. If you require a camping pitch it will be in the camping area and must be booked separately.

GENERAL

1. The site can be subject to high winds, gusts up to 50mph have been recorded. You are strongly advised to:
 - a. Monitor the weather regularly when setting up and throughout the show.
 - b. Ensure any structures, weights and guy lines are in good order and sufficient to withstand predicted weather conditions.
 - c. Lower or dismantle 'domestic' type gazebos when the stall is unattended, these tend to be little more than sunshades.
 - d. Seek advice from safety/security staff if unsure of the safety of your stall.
 - e. Follow the manufacturers instructions for use of your stall structure.
 - f. Guy ropes should be of a bright (preferably fluorescent) colour or marked with tape.
2. Although we provide constant security patrols from 7pm Thursday evening until 6am Monday morning, security of your stall and goods are solely your responsibility.
3. Vehicle movement between 9:30am and 5pm are not allowed on show days **UNDER ANY CIRCUMSTANCES**.
4. Traders/charity stalls are expected to trade for both show days.

Risk assessment for traders/charity stalls

If you need help completing this form
please ask before setting up your
stand

Traders name:

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done

Risk assessment for traders/charity stalls

If you need help completing this form
please ask before setting up your
stand

Completing a risk assessment isn't difficult. Its purpose is to identify any possible hazards that have the potential to cause harm and assess how likely that harm is to happen – in other words, “What is the risk of that happening, of harm actually being caused?”

An example: we've said the site is subject to high winds. A heavy-duty gazebo is heavy and could cause physical injury if blown over by a strong gust. Is that likely to happen? Yes, especially when the show is underway. The safest course of action is not to use such gazebos – but we know this is impractical. Tying or strapping the gazebo down in an appropriate manner would prevent it being moved by strong gusts. The likelihood of harm being caused now is much reduced, it's now controlled.

In a nutshell, the hazard was identified, its potential to cause harm assessed, and a control measure put in place to reduce the risk to an acceptable level or maybe even remove it.

Of course, the guy ropes/straps create another risk – that of trip or snagging. Are they likely to cause harm? Yes. Can it be controlled? Yes, by making them very visible, or better still, inaccessible by the placement of displays or stock!

Apply this method to carrying out your risk assessment and you'll have it done in no time at all. More importantly, you will have a legal document that shows you have acted diligently.

Finally – if in doubt **ASK**. We want you and our visitors to have a memorable and safe show. Thank you for helping to make this a reality!
